

The American Shutter Systems Association is a non-profit organization founded in South Florida in May of 1995. The purpose of the ASSA is to:

- ***Test and approve hurricane shutter products for its members***
- ***Conduct research and development for new and innovative products***
- ***Ensure all products represented meet or exceed the latest building codes***
- ***Provide the best hurricane protection at affordable prices***
- ***Ensure membership consists of only legitimate businesses***
- ***Ensure all members are licensed and insured***
- ***Ensure all manufacturing members have a facility capable of manufacturing hurricane shutter products***
- ***Educate the public of the various types of protection***
- ***Work with code officials and government agencies***
- ***Maintain the highest standards for public health, safety and welfare***
- ***Act as a liaison for members to all evaluation services such as FBC, Miami-Dade County, IBC/IRC, and TDI***

The ASSA has developed strong relationships with many people and agencies over the last eleven years. Our products are listed with Miami-Dade County, the Florida Building Code and the Texas Department of Insurance. As members of ASTM we help to develop and maintain testing protocols and standards. We will continue to provide the best hurricane protection available in the industry.

For more information about ASSA approved hurricane protection products, and hurricane related news and information visit the ASSA website at www.amshutter.org
