Eastern Metal Supply and Saint-Gobain ADFORS Announce Partnership

Eastern Metal Supply Becomes Authorized Distributor of New York Wire Products

Lake Worth, FL & Valley Forge, PA – March 26, 2015 – Eastern Metal Supply (EMS) and Saint-Gobain ADFORS are proud to announce a strategic partnership. EMS will now exclusively carry the New York Wire product family as part of their patio offering.

“This partnership made sense”, said Craig Lightle, General Manager, EMS. “Combining EMS patio offerings with the New York Wire product line allows us to provide our customers with the high quality, durable components they require.”

“Partnering with EMS speaks volumes about the commitment shared by both companies,” said Jim Griffin, Sales Director – Construction Products, Saint-Gobain ADFORS. “We both want to bring the highest quality products to market. This partnership is a testament to that.”

The Saint Gobain ADFORS Insect Screening product family includes: pool & patio screen, standard fiberglass screen, solar screen, Florida glass screen, small insect screen, and pet resistant screen. Married up with EMS patio offerings, dealers are now able to take advantage, not only of high quality EMS components, but the New York Wire products, which are second-to-none.

About Eastern Metal Supply

Eastern Metal Supply (EMS) provides just-in-time delivery of aluminum extrusions, hurricane shutters, sunshades, decking, fencing, sign extrusions, and marine extrusions and accessories. This allows customers to order materials as they need them—without having to pay storage fees and tie up their cash flow. With various warehouses throughout Florida and the capability to cut, drill, and polish various aluminum products, EMS saves customers time and money—thereby helping them to improve their bottom line. EMS has a 30 year reputation as a first class supplier of aluminum products and is headquartered in Lake Worth, FL. For more information on Eastern Metal Supply, please visit www.easternmetal.com

About Saint-Gobain ADFORS

Saint-Gobain ADFORS is a division of the Saint-Gobain Group which specializes in the design, production and distribution of functional materials for the construction, industrial and consumer markets. The Group is organized into three business sectors: Construction Products, Building Materials Distribution, and Innovative Materials. Established in 64 countries, Saint-Gobain is the market leader in each of its core businesses. In 2014, it achieved more than \$54.5 billion in

sales with over 190,000 employees. It is marking its 350th anniversary this year, tracing its history back to a mirror company founded in Paris in 1665.
